Academic Program and Course Description Guide

Course Description Form

1. Course Name:

Fundamental of nursing

- 2. Course Code:
- 3. Semester / Year:

Semester

4. Description Preparation Date:

11/3/2024

- 5. Available Attendance Forms:
- 6. Number of Credit Hours (Total) / Number of Units (Total)

225 hours divided into 15 weeks, divided into 3 theoretical hours and 12 practical hours.

Course administrator's name (mention all, if more than one name)

Name: Buraq Adnan Abd-alruda

8. Course Objectives

- 1. Preparing students with competence and skill 6. Preparing, qualifying and graduating various nursing procedures in providing nurs distinguished, highly qualified national services based on scientific and practical foundation competencies in various nursing and
- 2. Numbers of graduates with high scientific a applied practical capabilities in the nursing medical sciences specializations.
- 3. Numbers of graduates with high scientific applied practical capabilities in the nursing medical sciences specializations.
- 4. Enhancing the student's self-confidence bridging the gap between the theoretical and practi practically. aspects
- 4. Contributing to community service by organiz advertisements for medical and health lectures and seminars with the aim of raising health culture of community members.
- 5. Excellence in teaching and learning styles

- medical specialties.
- 7. Preparing and publishing various scientific research in the medical, health and environmental fields.
- 8. Developing graduates' cognitive and practical skills, developing academic and research competence scientifically and
- 9. Holding various seminars and awareness about various diseases, prevention and diagnosis, especially communicable diseases.

providing a collaborative, multimedia educatio 10. Required program outcomes and environment

teaching, learning and evaluation method
